

Applicant's vehicle used on the road test must meet all of these DPS requirements:

- Proof of current liability insurance (in paper format only - proof via smart phone will not be accepted) for the vehicle to be used for the road test.
- Current registration sticker.
- Current inspection sticker (not required if you are borrowing the vehicle and it is properly registered in a state that does not require a sticker).

- ALL brake lights must work.
- No unusual mechanical issues (such as having doors that do not open from inside or outside the vehicle - this will result in failure of the vehicle inspection)

Note:

- **NO** additional passengers (this includes infants, children, family members and / or friends) will be allowed in the vehicle during the driving test.
